

# *How to reserve a PVPD puppy*

For families who decide they are ready to commit to a puppy from one of our litters, we require a completed Puppy Application and a \$800 non-refundable deposit to hold a puppy. Once your application is approved and deposit received, we will mark the puppy of your choice sold. Those who have made a deposit on a puppy will be updated via e-mail, Facebook or text message about the arrival and progress of their puppy.

Since your application fee is non-refundable, we recommend that you do not send in an application if you are not committed to one of our puppies. If you are not sure about making that commitment, we invite you to sign up for our no obligation notification list that does not require a deposit.

Please give serious thought to your decision to reserve a puppy. The application fee confirms your intention to purchase and deposits are **NON-REFUNDABLE** and applied to your total cost. We discourage the picking of a puppy based on color alone. Our wish is that every puppy is placed in their forever home from the beginning, and feel that temperament plays a very big part in getting the perfect puppy for you. Their little personalities start to really emerge at about 6-7 weeks old. This is also when they receive their first round of vaccinations. For the safety of our puppies we do NOT allow visits before the 6th week and all visits occur after the 6 week vaccination.
